LINKING OUR PAST TO OUR FUTURE

By Carl M. Marchetti, MD
From its humble beginnings as a convalescent home to the Ann May Memorial Homeopathic Hospital in Spring Lake, to the opening of Fitkin Memorial Hospital in Neptune and ultimately to today’s ever expanding university medical center, Jersey Shore’s story is a rich and inspiring history.

ANN MAY MEMORIAL HOMEOPATHIC HOSPITAL
VROOM AND FIRST AVENUES
Spring Lake, N. J.
Telephone Spring Lake 66

The number of this room is ........................................
The regular rate for bed in this room is $ ....................... weekly.
The above includes room, meals, and attendance by the intern and the floor nurse.
The hospital rates do not include your Doctor's charges.
The charges for special nurses are extra, and are payable directly to them by the patient; the patient pays the hospital for the special nurse's board.
Extra charges are made for laboratory examinations, use of operating room, delivery room, X-rays, massage and special drugs.

PAYING THE HOSPITAL
Hospital bills must be paid weekly in advance.

ANAESTHETIC
Paid directly to the anaesthetist.

SMOKING
Complaints come from patients to whom tobacco is nauseating. For this reason we request that patients refrain from smoking. But, if a patient feels compelled to smoke it must be done in his private room and nowhere else within the hospital building. Smoking is strictly forbidden in the Wards and Halls.

THOUGHTFULNESS
Convalescing patients and visitors will please remember that there are always some patients who are dangerously ill. For their benefit, quiet must be maintained. Thank you for your kind cooperation in this very important matter.

STAYING WITH PATIENT
When a relative desires to stay with the patient, permission to occupy a cot must be obtained from the Superintendent. A cot can be used only in a private room and the charge is $1.00 per day. Meals are not included.

RESPONSIBILITY
Valuables should be brought to the office, where they will be placed in the safe; otherwise the hospital will not be responsible for any loss that may occur.

OUR AIM
During your stay in the hospital it is not only our desire to give you the very best of care and service, but also to show you every possible courtesy. You will please report any grievance to the Directress of Nurses or to the Superintendent of the Hospital.

VISITING HOURS
Private rooms—10:00 A. M. to 8:30 P. M.
Semi-private rooms—11:00 A. M. to 8:30 P. M.
Wards—2:00 P. M. to 4:00 P. M.; 7:00 P. M. to 8:30 P. M.
Children's Ward—2:00 P. M. to 4:00 P. M.

These hours must be observed by all in order that patients may get their proper rest and treatment. It is requested that all visitors come in and go out as quietly as possible.

Children under 12 years of age are not allowed to visit patients in the Wards, Semi-private Rooms or Children's Ward.

Please do not hold conversations in the hallways. There is a reception room on the first floor. Thank you.

ANN MAY MEMORIAL HOSPITAL
This agreement made this 1st day of February 1930 between Louis H. Albright of the first part, and Joseph Ackerman, Secretary of the Staff of the Ann May Memorial Hospital, Spring Lake, N. J. party of the second part.

Whereas the party of the first part agrees to act as Intern for said Hospital for one year beginning June 15th 1930 and ending June 15th, 1931 for the salary of seventy five dollars ($75) per month and agreeing to abide by the rules and regulations governing Interns during that period.

Nurse Sets Record Score

Mrs. Janice Marchetti, 26 Pine Brook Drive, Neptune, shows results of her state Board of Nursing examination to her husband, Dr. Carl Marchetti, and their children, Michael and Laura.

BEST SINCE 1905

Neptune Nurse Sets Record Score

NEPTUNE—Mrs. Janice Marchetti, 26 Pine Brook Drive, has received a perfect score of 800 in the pediatrics section of her state Board of Nursing examination.

Mrs. Ethel Hirns, director of the Ann May School of Nursing at Pitkin Hospital, said it was the highest score ever received by a graduate of the school since its inception in 1905. Mrs. Marchetti, a member of the Class of 1963, has been presented a special award by the hospital. While completing her nursing school studies, Mrs. Hirns said, she simultaneously carried out her chores as a housewife and mother of two children.

Mrs. Marchetti also had scores which topped the 600 mark in obstetrics, medicine, surgery, and psychiatry. The passing score is 350. She is the daughter of Mrs. June Price of Watertown, N.Y., and the wife of Dr. Carl Marchetti, who will complete a three-year residency in obstetrics and gynecology at Pitkin Hospital on July 1.

Dr. Marchetti was recently commended by the medical staff for his guidance and management of the intern and resident staff while serving as chief resident this year. He plans to serve as a captain in the Army Medical Corps, stationed at Ft. Benning, Ga., after completing his residency at Pitkin.
Growth in the Eighties

- Booker Pavilion Opens
- Rosa Pavilion Opens
- 6 Story Tower Building Opens
- Coronary Care Unit Opens
  First in the State of NJ
- Dental Department Residency Starts
- State Adopts JSUMC as a Level III Perinatal Center
Leadership Changes

What is in the Future?
Regional Campus of Robert Wood Johnson Medical School

- 30- 3rd and 4th year medical students to receive their full academic and clinical program at Jersey Shore University Medical Center
- To be started in 2016
Expansion of JSUMC Campus
Expansion of Services

- **Center for the Treatment of Paralysis and Reconstructive Nerve Surgery**
  Jersey Shore Partners With World-Renowned Reconstructive Surgeons to Unveil Center for Paralysis

- **Robotics Surgery**
  In December 2010, the first robotics surgeries were successfully performed at Jersey Shore University Medical Center
  Robotic treatment options are now available for men's and women’s health, offering patients with prostate, kidney, and gynecologic conditions the highest quality care and faster recovery time.
The Path to the ACO - Delivery System Reform

- Integrating the three components of the delivery system into a single entity

H = Hospital
P = Physicians
I = Insurers
CI = Clinical Integrated Network
ACO = Accountable Care Organization

In a Clinically Integrated Network:
“Physicians and Hospitals cooperate and modify practice patterns **in order to control costs and ensure the quality of services**”
Definition from Federal Trade Commission
Team Member Healthly Advantage
Pilot Program with QualCare

The Pilot Program has four Separate Modules

- Increase Enrollment in QualCare’s Disease Management Program (only 27% now)
- Increase Chronic Disease HEDIS Scores
  - Diabetes, CAD/HF, COPD/Asthma
- Improve Preventative Medicine Compliance
  - BMI Assessment, Vaccinations, Breast Screenings, Lead Screening, LDL-C and Glucose Screenings
- Increase Generic Fill Rate
Meridian Health is partnering with Geisinger, who offers one of the leading Medicare Advantage Health Plans in the country.

Meridian's joint venture with Geisinger Health Plan will allow us to implement a provider-sponsored Medicare Advantage product for seniors in Monmouth and Ocean counties.

Geisinger Gold Medicare Plan focuses on the delivery of quality care through:
- patient-centered care management
- early intervention, and
- evidence-based care
Thank You

For coming to hear about the past, present, and future.

Have a safe trip home.
