Jersey Shore University Medical Center
Transforming Health Care in Our Community

INSIDE THIS ISSUE – Nursing Scholarships Awarded • James F. Ackerman Federation Keeps on Giving • Transforming Care Donors Celebrated
From Our Foundation President

It is a distinctive and defining time for Jersey Shore University Medical Center and our Foundation. Through the Transforming Care campaign for “The New Jersey Shore,” we proudly celebrate the opening of the new Northwest Pavilion. With 108 private rooms, advanced technology and the largest emergency care center in the state, this expansion has created the ultimate healing environment for patients throughout the region.

As so many of us wrestle with the challenges of an uncertain economy, tough choices are inevitable when it comes to charitable giving. History has shown that in difficult times, Americans embrace the value of giving in a unique way, thoughtfully supporting organizations that represent community priorities, while providing the greatest opportunity for their finite philanthropic dollar to touch the most lives.

Entering the fall, I am pleased to report we are outpacing the past few years in donor contributions. Through the Transforming Care campaign, more than $18 million has been raised to change the lives of countless patients and their loved ones for years to come. The result is a renewed sense of mission, as Jersey Shore University Medical Center and the great family of caregivers who embody it are being entrusted with your precious investments. It is an honorable and energizing responsibility.

The beginnings of Jersey Shore University Medical Center are rooted in philanthropy and the Transforming Care effort has been another shining example of that tradition holding true today. Despite unstable economic times, our team members, our physicians, neighbors and friends have played a significant role in this historic effort. I have no doubt that with the continued trust and support of our community, JSUMC will continue to be recognized among the finest independent academic medical centers in the state. Thank you.

David L. Flood
President, Meridian Health Affiliated Foundations
Lifetime Achievement Recognized During Annual Symposium

Arthur A. Topilow, MD, FACP was honored for his commitment to Jersey Shore University Medical Center this spring during the 9th Annual Louis F. Albright, M.D., Cardiology Symposium. The Lifetime Achievement award presented to Dr. Topilow, Director of the Section of Hematology/Oncology and the Axelrod Group at JSUMC, recognized his leadership and contributions to medical education, clinical excellence and the growth and development of JSUMC since his practice began in 1974.

Dr. Topilow, currently holds the role of Director for multiple programs including the Cancer Committee, Tumor Registry, and Transfusion Committee, and has served as Director of the Hospice Program, the Cancer Program and the Plasmapheresis Service in previous years. Dr. Topilow has written or presented over 50 scientific papers and abstracts. He is also known for his publications related to his sailing, jungle exploration, world traveling, and fishing. A professional pianist, Dr. Topilow also serves as music programmer and performer for hospice benefits and other events.

This year’s symposium focused on new concepts in pathogenesis, diagnosis, prevention and treatment in contemporary cardiology. Featured speakers included Roger J. Hajjar, M.D., Jeffrey W. Olin, M.D. and Lawrence H. Cohn, M.D.

First Scholarship Recipient Named

Staff Member Honors Husband’s Memory Through Award

Frank Hedges dedicated his life to his family. When he passed away suddenly last year at the age of 56, his wife decided to honor his memory by creating a named scholarship. Dr. Christine Hedges, coordinator of nursing research at the Ann May Center, established the Frank Hedges Memorial Scholarship to recognize the dedication of the nursing staff at Jersey Shore University Medical Center.

Pam Egnatovich, a 19 year employee and administrative supervisor for MICU/CCU, received the first Frank Hedges Memorial Scholarship this year designed to assist in furthering the recipient’s nursing education.

“This award was particularly special to me because I could see how much it meant to the Hedges family. Dr. Christine Hedges said the personal statement I wrote reminded her of her own family when she was working toward her Masters and Doctorate and that made me feel personally connected to the Hedges family,” Pam said. She added that the award will help her pay for books while working towards her master’s degree.

The Frank Hedges Memorial Scholarship is offered annually to Meridian Health nurses pursuing their BSN or MSN degrees. Nurses of all specialties are invited to apply. To qualify, an individual must be a Meridian Health registered nurse enrolled in an upper division nursing program (RN to BSN) or an advanced degree (Masters or Certificate) program in nursing.
Annual Symposium Honors Memory of Beloved Physician

Before his untimely death in 2006, James D. Brody devoted the majority of his practicing years to Jersey Shore University Medical Center, where he will always be remembered for his unwavering dedication to patient-centered care as well as his role as an exceptional leader and educator.

Established to honor his legacy, the 3rd annual James D. Brody, M.D. Symposium was held at JSUMC last spring. The Symposium focused on ethical and humanistic aspects of medicine. Topics included the shortcomings of traditional ethical paradigms and the role of politics and ethics in medical research. The symposium featured speeches by Autumn Feister, Ph. D., Mitchell Levy, M.D., and Stephen Latham, J.D., Ph.D.

Spare Change to Make A Change

The Junior Ambassador Committee of K. Hovnanian Children’s Hospital launched their first ever fundraising project earlier this spring, called Spare Change to Make A Change. In their first year, Junior Ambassadors placed coin collection containers at location throughout the two counties, collecting more than $3,200! The money raised will be used to purchase high chairs, strollers, gliders, and bouncies for the pediatric patients at K. Hovnanian Children’s Hospital.

Recipients:
- Suzette Catong
- Francine Dygulski
- Conrad Ehrig
- Louis Massarelli
- Dawn Mathurin
- Mariah Mullen
- Bonnie Zimmerman

2009 Ann May Alliance Educational Fund Scholarship Recipients:
- Marianna Hubbard
- Kathleen Russell-Babin
- Sandra Leddy
- Judith Slover-Zipf

2009 Mary V. Black Memorial Scholarship Recipients:
- Elizabeth Paulus
- Loretta Ninivaggi

2009 William C. Black Memorial Scholarship Recipients:
- Conrad Ehrig
- Ann Marie Conte

2009 Peggy Wines Scholarship Recipient:
- Mary Alyce Berkowitz

We Have a Wish List Too!

Become part of Jersey Shore University Medical Center’s family of loyal donors and make a direct impact on our patient’s lives today. Make a gift online or choose to purchase a particular item from our new wish list via our secure website. Go to www.jerseyshoreuniversitymedicalcenter.com and click Ways To Give.

Your gift to the Jersey Shore University Medical Center Foundation is an outstanding investment in any market, since it supports programs and technology that support the health and well being of our loved ones and our community. This year, in particular, those in need of quality health care in our community need your support.

Gifts at all levels are needed, welcomed and appreciated. Thank you for supporting our mission of providing quality health care to all. For more information, contact Nancy Barone, senior development officer at 732-751-5117.
The James F. Ackerman Federation, with the combined proceeds from Yesterday’s Best Thrift Shoppe and other fundraisers, continued its history of making a difference through a generous contribution to Jersey Shore University Medical Center this year.

The Federation made a $250,000 gift to benefit to the Transforming Care capital campaign. “Our gift acknowledges the generous work of the women involved with the Federation, our devotion to Jersey Shore and what it means to each and every one of us,” said Veronica McTague, president of the Federation.

Through the Great Depression and World War II, the vision, commitment, and tireless efforts of these amazing women, has raised millions of dollars since 1925 to support what is known today as Jersey Shore University Medical Center.

Federation members proudly display their recognition plaque.

**Annual Spring Garden Party**

The James F. Ackerman Federation happily welcomed more than 80 guests to its Annual Spring Garden Party, held in June at the Manasquan River Golf Club. The event, now in its 4th year, has always benefited pediatrics at Jersey Shore. This year, tradition continued, and all funds raised went to the K. Hovnanian Children’s Hospital.

**Lavender and Lace**

This year’s Lavender and Lace Event was held in mid-April, at Fairway Mews Golf Club in Spring Lake, New Jersey. As always, the event was a sold-out success! Approximately 95 people attended the card party. The event, run by the women of Fairway Mews, raised funds to benefit cardiac services at Jersey Shore University Medical Center.

**Day at the Races**

In its 20th year, June Schwartz and Antoinette Vitale again chaired the Day at the Races event at Monmouth Park. Held in early July, the event attracted nearly 100 attendees with proceeds continuing to benefit Meridian Hospice services.

**FEDERATION NOTES**

SPECIAL EVENTS

Held during a week of exciting events to coincide with the completion of Transforming Care, the $300 million facility expansion at Jersey Shore University Medical Center, the 26th annual Sports Classic Golf Tournament raised more than $90,000.

The Sports Classic attracted more than 160 golfers to the Deal Golf and Country Club for the dual shotgun tournament. The event planning committee was once again led by long-time chair Burt Barham of The Barham Group. He was joined by returning co-chairs, Christopher Carton of Trident Abstract Company (Golf Raffle), Gavin Gatta of Smith Gatta Gelok Insurance and Surety Solution (Prizes and Gifts) and Thomas J. Kononowitz (Give Away Bag).

The golf outing could not have been possible without the help of the local business community. The Sports Classic Committee and Jersey Shore University Medical Center Foundation are especially thankful for the leadership support of co-event sponsors, Granary Associates and L.F. Driscoll and Peter Cancro of Jersey Mike’s Franchise Systems, who sponsored the Jersey Mike’s Pink Ball Tournament.

Other generous donors included Awards and Reception Sponsors: The Barham Group, Little Silver Electric and WHR Architects; Golf Cart Sponsors: MONOC, Morrison Healthcare Food Services, QualCare, Inc., System Sales Corporation; and Prizes and Gifts Sponsor: Smith Gatta Gelok Insurance and Surety Solutions.

JSUMC Golfers on the Ball

Despite tough economic times for nonprofits across the country, local business leaders brought their wallets along to the 18th Annual Healthcare Perspective Luncheon on May 8.

The event managed to top last year’s total with 365 members of the business community in attendance. All funds raised will benefit Meridian’s not-for-profit hospitals and services, including Jersey Shore University Medical Center and K. Hovnanian Children’s Hospital in Neptune, Ocean Medical Center in Brick, Riverview Medical Center in Red Bank, and Meridian partner companies located throughout Ocean and Monmouth Counties.

Amid a sea of pertinent topics brought about by current economic times, there is one that is nearest and dearest to our hearts – universal healthcare. Keynote speaker Patricia Andriolo-Bull, Director of Commonwealth Choice, Commonwealth Health Insurance Connector Authority, led the discussion at the Ocean Place Resort and Spa in Long Branch on the model being used in her state of providing universal healthcare for residents and how it might be applied in New Jersey.

The Healthcare Perspectives Luncheon, an educational forum, is held each year in order to enable local business leaders to learn about health care issues that have an impact on their companies and communities. The success of the event would not have been possible without leadership sponsors QualCare, Inc., Bank of America and Gallagher Benefit Services, Inc.

SAVE THE DATE:

19th Annual Healthcare Perspectives Luncheon, May 7, 2010, Ocean Place Resort and Spa, Long Branch NJ
Love was in the air this past Valentine’s Day. And, that loving feeling was evident at the 12th Annual Sweetheart Ball by the generosity of 287 attendees who donated nearly $140,000 to benefit the Cancer Center at Jersey Shore University Medical Center.

Phil and Marilyn Perricone were honored at the event, held at Eagle Oaks Golf and Country Club in Farmingdale. The couple received the William C. Black Award of Hope for their generous contributions to the cancer center as well as their establishment of the Perricone Center for Gynecologic Oncology. The Center is one of the most comprehensive facilities in the state completely dedicated to the diagnosis and treatment of gynecological cancers.

Thanks to our 2009 Sweetheart Ball donors, high-dose rate (HDR) brachytherapy equipment will be purchased. HDR is in the treatment of prostate cancer and targets radiation directly on or within tumor sites, reducing radiation exposure to the surrounding healthy tissues. JSUMC is especially grateful to the event’s top sponsors, Mrs. Barbara Black, Dr. and Mrs. Kenneth Nahum, Atlantic Hematology Oncology Associates, and Jersey Shore Anesthesiology Associates, P.A. as well as the event chair Eileen Sprance and co-chair Ann Marie Nahum.

Tickets Available for 2009 Meridian Gala

Supporters of Meridian Health will step back in time November 21 as we host the twelfth annual Meridian Health Affiliated Foundations’ Gala, “Moonlight Serenade Supper Club” at the Ocean Place Resort and Spa in Long Branch, New Jersey. Last year, more than $535,000 was raised in support of Jersey Shore University Medical Center, Ocean Medical Center, Riverview Medical Center and K. Hovnanian Children’s Hospital. Sponsorships, dinner reservations and super 50/50 raffle tickets are currently available!

For more information about the Meridian Health Affiliated Foundations’ special events, please contact Michelle Casserly at 732-751-5112 or mcasserly@meridianhealth.com.
Transforming Care at JSUMC

Transforming Care Project Put to Ultimate Test

For 75 senior staff members, putting yourself in the patient’s shoes took on a whole new meaning when they donned hospital scrubs for an overnight visit this summer.

A sleep over in the new Northwest Pavilion provided an opportunity to learn more about the technology integration, give invaluable feedback to the project team and become familiar with the layout and design of the new space, according to Kathryn B. Collins, FACHE, Vice President for Campus Planning.

“We ordered our dinner from the patient menu, then split into teams for a scavenger hunt specifically designed to identify new equipment and familiarize our team with the new facility, before turning in for the night in our assigned patient room,” Kathryn said. “We really got a feel for the space from the patient perspective.”

The night was not only a fun learning experience, but also a charitable one. Team members devoted a portion of their 12-hour stay to support JSUMC’s ongoing organ donation awareness campaign, stuffing letters stressing the need for organ donors. Our senior staff members are still talking about the educational value of the overnight stay.

Dream Becomes Reality

More than 300 Meridian Health supporters gathered to celebrate the completion of the $300 million Transforming Care project at Jersey Shore University Medical Center this summer.

A beach chic cocktail reception, which was held in the brand new building, served as the unveiling for the “New Jersey Shore.” The event featured exclusive access to the facility, a first glance at the atrium’s amazing sculpture as well as unique themed food and beverage stations for all to enjoy.

Master of ceremonies Jack Ford provided the perfect backdrop for the evening and introduced keynote speakers Peter Reinhart, Esq., Chairperson of the Meridian Hospitals Corporation Board of Trustees; Mollie Giamanco, Chairperson of the Jersey Shore University Medical Center Foundation; Dr. Leonard Zawodniak, President of the Jersey Shore Medical and Dental Staff; John Lloyd, President and CEO of Meridian Health; and Steven Littleson, President of Jersey Shore University Medical Center. These individuals in turn described the journey which began with a vision several years ago and culminated with this very special evening. Many thanks to the contributors to this project who helped the team at Jersey Shore University Medical Center by “working on a dream!”

Transforming Care Project Put to Ultimate Test

Administrators Transformed into Patients During Overnight Visit

For 75 senior staff members, putting yourself in the patient’s shoes took on a whole new meaning when they donned hospital scrubs for an overnight visit this summer.

A sleep over in the new Northwest Pavilion provided an opportunity to learn more about the technology integration, give invaluable feedback to the project team and become familiar with the layout and design of the new space, according to Kathryn B. Our senior staff members are still talking about the educational value of the overnight stay.
Federal Funds Secured for Transforming Care Project

Local Government Officials to Thank for $500,000 Appropriation

As part of the Transforming Care expansion project, Jersey Shore University Medical Center has received a federal appropriation from the U.S. Department of Health and Human Services for more than $565,000 thanks to the support of our federal representatives: Senator Frank Lautenberg, Senator Robert Menendez and Congressman Frank Pallone, Jr.

“I am honored to have been able to assist with funding for a hospital expansion of this magnitude that will have a direct impact on the health and well-being of the residents of Ocean and Monmouth Counties,” said Congressman Pallone. “The $300 million Transforming Care project at Jersey Shore University Medical Center is integral to meeting the health care needs of our neighbors and loved ones well into the future.”

The funds were used to purchase beds for the new inpatient pavilion. The pavilion includes three new nursing units that house 36 private rooms in 12-bed “neighborhoods”. In addition, with the relocation to the new wing, Jersey Shore’s Emergency Department is now over an acre in size. We now have the capability of efficiently treating over 100,000 patients per year. The Transforming Care expansion project provides easier access to the hospital for patients, visitors and families, physicians, staff and our community.

We thank our federal representatives for their commitment to advancing the health care of our region.

“Federal Funds Secured for Transforming Care Project”

Phoebe’s Takes Flight!

After much anticipation, Phoebe’s, our new team member café, opened this summer. Penned by three long time employees and hospital donors, Marilyn Dobson, Linda Gifford and Mary Mudd, the café name is the same as the yellow butterfly, indigenous to Monmouth County, that became the symbol of the transformation project. “I am thrilled to see the finished product. We choose the name during a contest two years ago and it means a lot to see Phoebe’s Café open for business,” said Linda. “As an employee of Meridian for 21 years, I am excited about the most recent changes.”

Foundation is “Going Green”

Some of the most advanced medical technology in the country is being housed in the new Northwest Pavilion at Jersey Shore. So, when it came time to thank the numerous donors that made this project possible, it only made sense to ride the technology wave into the future.

An interactive donor wall acknowledging every gift made to the Transforming Care capital campaign, from our physicians, staff, board members and friends, will be unveiled in the new addition early next year. Be sure to check out this interesting and environmentally-friendly recognition piece.

In other efforts to go green, the JSUMC Foundation will soon be using email and text messaging to keep you informed. To receive informational messages from the Foundation via email and text broadcast, contact Stacy Buono at 732-751-5122 or sbuono@meridianhealth.com.
It’s More Than Just a Television

Foundation to Become Part of Infotainment

Grateful patients will soon be able to make a gift to the Jersey Shore University Medical Center Foundation without even leaving their hospital beds.

As part of Infotainment (Information-Entertainment Systems), a service similar to the concierge service on a hotel television, charitable gifts will soon be made from patient rooms using a wireless keyboard, according to Nancy Barone, senior development officer.

“We are grateful for the opportunity to be a part of this system and hope that grateful patients will take advantage of all that it has to offer,” said Nancy. “The Foundation is always looking for new, innovative and environmentally friendly ways to make giving convenient for our generous donors.”

Infotainment, which is available in the new 108 bed Northwest Pavilion, puts the Internet, movies, music, video games and information about prescriptions and medical procedures at your fingertips during your stay.

The network, which will soon be added to the rest of the hospital, can also be used to order meals from the hospital menu and even to order a video about the medical procedure you will undergo during your stay.

JSUMC Is Where Their Hearts Are

Record Number Participate in 2009 Employee Drive

A challenging economy did not stop generous Jersey Shore University Medical Center team members from giving back during the 2009 “Count Me In” Team Member Annual Fund campaign this spring. Nearly 500 team members gave more than $57,000 to the many departments and programs within the medical center.

“I think we were successful mainly because so many team members feel great pride in being associated with JSUMC and want to be a part of the hospital’s continued success. A dollar or two per pay period might not impact take home pay too much, but all those pledges together really add up!” said Team Member Annual Fund committee co-chair, Grace M. Hickey, Ph.D., manager of clinical operations for behavioral health services.

Grace added that being able to earmark one’s pledge to a specific department or program is appreciated by our team members. This prompted Kelly Layton-Bogdany, RN to come together with other generous team members in support of their unit. She hopes to be able to use funds raised during the employee drive to further educate the community on stroke risk factors and prevention.

“May is Stroke Awareness and Prevention month and we can never be too prepared with pamphlets and handouts,” Kelly said. “There are also many times that families, friends, patients and doctors want to give gifts or money in honor of our team. This fund is a great place to direct those gifts and inform our donors that they will be put to good use.”

JSUMC Heritage Club Meets

Making a Choice Today to Make a Difference for Tomorrow

Members of Jersey Shore University Medical Center Foundation’s Heritage Club gathered together this summer to enjoy an afternoon tea, an update and tour of the expansion project...
What Will Your Legacy Be?

The word “legacy” literally means something handed down from the past. Your legacy will be shaped by the impact you have had on people, organizations and the world. You receive Making a Difference because you have had an impact on Jersey Shore University Medical Center. Through your donations of time, treasure and talent, you have helped meet the needs of all who live and work here. For this you have our heartfelt thanks.

As you consider your long-term financial and estate plans, we hope that you will consider adding to your JSUMC legacy by partnering with us to secure the hospital’s future while also meeting your personal planning objectives.

We find that many of our most loyal friends want to financially help Jersey Shore achieve its mission, but struggle with how to do so when times are tough. Fortunately, there are many ways you can make a gift while also taking care of your own needs. For example, do you need to:

• Increase your income now or for retirement?
• Pay for college for your children or grandchildren?
• Maximize your children’s inheritance?

If you answered yes to any of these questions, we can help. To learn more about how Jersey Shore University Medical Center can partner with you and your advisors to craft your legacy, check off the correct boxes on the reply envelope or contact Nancy Barone at (732) 751-5117.
We gratefully acknowledge the generosity of the 2008 Jersey Shore University Medical Center donors.

Jersey Shore University Medical Center gratefully acknowledges the generosity of our 2008 donors for their gifts and pledge payments of $100 or more.

We have made every attempt to recognize all of the generous donors who supported JSUMC in 2008. If your name was omitted or is incorrect, we apologize. Please call Stacy Buono at (732) 741-5122 so that we can recognize you in a future issue.
A longtime employee and generous supporter of both the Transforming Care capital campaign and the Team Member Annual Fund, Susan Weiss, will celebrate her 20th year as an RN at Jersey Shore University Medical Center early next year. Having been a patient as well as an employee, Susan feels strongly about supporting the future of Jersey Shore through annual contributions.

“I have bared witness to phenomenal growth and visionary leadership at Jersey Shore over the years. This inspires a culture of pride for myself and fellow team members,” she said. “I have also been a patient here, along with all four of my children, my husband and my father. The care we received was always outstanding, second to none. Giving back is essential to ensuring that quality health care is available to our entire community. Through my gifts, I am showing my support for the momentum that is advancing my hospital into the future and has made my career at Jersey Shore more than just a job.”

Jersey Shore University Medical Center Foundation
4900 Route 33, Suite 200
Neptune, NJ 07753
Telephone: 732-751-5117
Fax: 732-751-5120

Here’s another way you can support Jersey Shore University Medical Center:
